FINAL ACCOUNTABILITY ROSTERS OF EVACUEES AT RELOCATION CENTERS, 1944–46

National Archives and Records Administration
Washington, DC
2001

INTRODUCTION

On the 10 rolls of this microfilm publication, M 1865, are reproduced Final Accountability Rosters of evacuees at Relocation Centers, 1944–46. The rosters, which are part of the Records of the War Relocation Authority, Record Group 210, consist of alphabetical lists of evacuees resident at the centers during the period of their existence. The lists typically provide the following information about the individual evacuees: name, family number, sex, date of birth, marital status, citizenship status, alien registration number, method of original entry into center (from an assembly center, other institution, Hawaii, another relocation center, birth, or other), date of entry, preevacuation address, center address, type of final departure (indefinite leave, internment, repatriation, segregation, relocation, or death), date of departure, and final destination. Included for each center are summary tabulations on evacuees resident at the center and on total admissions and departures.
